

QST QST, Good evening. It is Monday (MONTH, DAY, YEAR). Calling the McMinnville Amateur Radio Club weekly net. Your net control for this evening is (YOUR NAME, YOUR CALL) in (YOUR TOWN).

This net will break for emergency traffic at any time.

This net meets each Monday at 7:00pm Pacific time on this repeater, 146.640, tone 100, for the purpose of informing members and friends of events, meetings, and any items of interest to amateur radio operators in our area.

Please check in by phonetics as the roll is called using your call sign and your name. Any and all stations are encouraged to check in. I will begin by taking check ins from radio first and then EchoLink (If functional). If you would like an early out, please state so, when you check in.

We will now take check-ins from:

Alpha through Hotel.

India through Lima.

Mike through Romeo.

Sierra through Zulu.

(If echlink is functional) Are there any EchoLink check-ins this evening?

Are there any late or missed check-ins at this time?

Here are the announcements I have:

- The first Thursday of each month is the general membership meeting. The next meeting will be at 7pm on (DATE), at the Yamhill County Auditorium in McMinnville or via Zoom.

- The second Thursday of each month is the board meeting via Zoom only. If you would like to attend, please contact a board member via the "Contact Us" page at marcwireless.org.

The MARC no host lunch is scheduled for the last Saturday of each month from 12-3pm.

(announce one of these choices)

--- This months location is (LOCATION)

--- (If you don't know this months location tell them) please check the groups.io posting or a club email notice for the location (or ask if anyone on the net knows).

Any there any other items of interest or announcements?

Is anyone in need of help with a radio question, antenna question or any other ham topic?

(Net Control: Start your trivia, roundtable or question of the night here.)

Are there any late or missed check ins before we close the net?

Thank you for all in participating in the net this evening. This has been the McMinnville Amateur Radio Club weekly net. The net is now closed as of (CURRENT TIME). The frequency is now clear and free for regular use. Thank you & 73. This is (YOUR NAME, YOUR CALL).
